Item 7 of the provisional agenda

DISSEMINATION OF INFORMATION ON THE UNITED NATIONS AND THE INTERNATIONAL TRUSTEESHIP SYSTEM IN THE TRUST TERRITORY OF THE PACIFIC ISLANDS

Report of the Secretary-General

1. Pursuant to Trusteeship Council resolution 36 (III) of 8 July 1948 and General Assembly resolution 754 (VIII) of 9 December 1953, the Secretary-General and the Administering Authority of the Trust Territory of the Pacific Islands continued to cooperate during the period under review in disseminating information to the Trust Territory on the aims and objectives of the International Trusteeship System and of the United Nations. The present report covers the period from 1 May 1990 to 30 April 1991.

2. The Department of Public Information of the Secretariat distributed information materials both directly to the Trust Territory and through its information centres, primarily the United Nations Information Centre at Tokyo. Other departments of the Secretariat cooperated in that effort, particularly the secretariat of the Trusteeship Council and the Distribution Section of the Department of Conference Services, which also mailed information materials directly to the Territory. 1/

3. Documents of the Trusteeship Council were airmailed by the Distribution Section and the Department of Public Information directly from Headquarters to 79 recipients 1/ in the Trust Territory, while taped radio and video programmes were regularly distributed to 13 recipients by the Department of Public Information. The mailing lists for United Nations publications, radio programmes and videotapes and other information materials included government offices, radio stations, newspapers, educational institutions, libraries and individuals (see the annex to the present report).

4. The United Nations Information Centre at Tokyo transmitted information materials to 92 recipients in the Territory, including government offices, libraries, radio stations, newspapers, educational institutions and individuals. The information sent to the Territory included United Nations publications, press releases, radio tapes, videotapes and films (see the annex to the present report).

5. During the period under review, the Department of Public Information produced 22 press releases in English and 22 in French dealing with the work of the Trusteeship Council during the past year. The messages of the Secretary-General and the President of the Trusteeship Council on the occasion of United Nations Day were transmitted to the Territory from the Tokyo Information Centre as press releases.

6. Photo coverage by the Department of Public Information of the proceedings of the Trusteeship Council and archival footage were made available to the news media.

7. During the period under review, the Radio Section of the Department of Public Information regularly distributed the weekly programmes "Perspective", "Scope" and "Women" and the monthly programme "UN Calling Asia" to the following radio stations in the Trust Territory: WSZB in Koror; WSZC in Truk; WSZO in Majuro; WSZD in Pohnpei; KUSI in Kosrae; and WSZA in Yap.

8. Since most public institutions in the Territory, including schools, have video-cassette playing equipment, the United Nations Information Centre at Tokyo continued to make United Nations films and video catalogues available throughout the Territory. In 1990, the Department of Public Information continued to send fortnightly five VHS copies each of the UN in Action and the World Chronicle video programmes to the Trust Territory through the United Nations Information Centre at Tokyo.

9. The UN Chronicle, a quarterly publication of the Department of Public Information, covered the United Nations Visiting Mission to Palau in February 1990 and the deliberations of the Trusteeship Council at its fifty-seventh session, held in 1990. All editions of the UN Chronicle are sent to the United Nations Information Centre at Tokyo, which forwards them to the Territory. Other materials transmitted to the Trust Territory during the period under review included Objective: Justice and Basic Facts about the United Nations.

10. During the period under review, the Director of the United Nations Information Centre at Tokyo was in constant contact with the Trust Territory in order to be kept aware of the information needs of the people in the Territory. Through cables, he continued to transmit information on the activities of the Trustees…p Council, on other matters related to decolonization and trusteeship and on the work of the United Nations in general.

11. In response to the requests of the Trusteeship Council at its fifty-sixth and fifty-seventh sessions, the Department of Public Information has continued to assemble a file of information materials, which have been distributed in the Trust Territory. The file is available for examination in the office of the secretariat of the Council.

Notes

1/ The list of recipients has been placed in the files of the secretariat of the Trusteeship Council and is available to members of the Council for consultation.
